

Thank you for visiting the Village of Newark website. We hope that you can find the information you are looking for and utilize the various links.

To those of you who may not know, the Village of Newark is the only village in Wayne County that was directly established because of the Erie Canal. We are very proud of our Village, as we are the largest in Wayne County and the center of activity.

We are also very proud of our Volunteer Fire Company and we maintain a very safe Village through our Police Department.

We have a very strong church community with many beautiful and unique houses of worship.

T. Spencer Knight Canal Park is a popular port for hundreds of boats during the season. We have been told many times that the Village of Newark is in the top three stops all along the Erie Canal. This makes us proud as we have worked very hard to develop our canal park.

We are home to the Newark-Wayne Community Hospital. It is the only hospital in Wayne County. We have many retail businesses, several major employers and many small businesses. On a daily basis, more than 3,000 people work in the Village of Newark.

The Newark School District is has an excellent reputation with modern technology and state of the art equipment to benefit the students. We also have a well-respected athletic program.

Please visit the various sections of our website. I hope you are pleased with what you find. Please contact us if we can be of assistance.

Thank you,
Peter M. Blandino
Mayor, Village of Newark
